Dear [redacted]

25X1

There are many things which I had planned to discuss with you on my forthcoming trip to your station, among which was your own future assignment in this organization. I feel, however, that your interest in this particular matter is such that I should not delay discussing it with you until I actually arrive in Cairo, and so am writing you now in order that you may plan your personal affairs accordingly.

I do not plan to transfer you to the new Cyprus station. Hence, when Cyprus is activated and Cairo closes down, or possibly sometime prior thereto, it is my plan to transfer you to an assignment in the United States. Due to the uncertainty of the effective date of such a transfer, it is not possible to decide at the present time what your definite assignment will be.

I will be glad to discuss this with you in greater detail when I see you in Cairo, which, I expect, will be sometime during the month of April.

Sincerely yours,

L. K. WHITE
Chief, FBIB
